

## Problem set 7: Mapping the election

S470/670

Upload your submission to Canvas by 11:59 pm, Thursday 16th April. You may discuss this with other students, but submit your work individually.

The file `county_data.txt` contains, among other things, results of the 2016 Presidential election by county. Draw a nice map of the results. (You can leave out Alaska and Hawaii.)
